

Can You Help?

In an on-going effort to prepare for natural disasters and other events, the Village of Scottsville, the Town of Wheatland, the Fire Districts of Scottsville and Mumford, and the Wheatland-Chili School District have created emergency response plans. Now, your community needs your help!

Because we need to maintain certain levels of services, emergency readiness, and care, we are in need of volunteers who could assist us in caring for the community. We have installed coordinators, and the lines of communications and leadership are set; however, volunteers who could spell relief and fill several roles throughout a disaster response are still needed.

Volunteers can assist in the coordination of traffic control, logistics and distribution of food, water, and medicine, and elder care within our community. In an extended emergency scenario, additional volunteers may be necessary to fulfill more duties and shifts.

If you would like to be part of this team, please fill out the form below and submit to the Scottsville Village Office at 22 Main Street, Scottsville, New York 14546.
